

## **Gold Terra Resource Corp. Announces C\$6 Million Bought Deal Financing**

***Not for distribution to U.S. news wire services or dissemination in the United States.***

**June 25, 2020, Vancouver, B.C. – Gold Terra Resource Corp. (TSX-V: YGT; Frankfurt: TX0; OTC Pink: TRXXF)** (“Gold Terra” or the “Company”) has announced today that it has entered into an agreement with a syndicate of underwriters led by BMO Capital Markets, under which the underwriters have agreed to buy on bought deal basis, a combination of common shares (the “Common Shares”) and charity flow-through common shares (the “Charity Flow-Through Common Shares”) to provide the Company with gross proceeds of approximately C\$6 million. 10,000,000 Common Shares will be offered at a price of C\$0.30 for gross proceeds of C\$3 million. 8,000,000 Charity Flow-Through Common Shares will be offered at a price of C\$0.415 for gross proceeds of approximately C\$3.3 million. The Company has granted the Underwriters an option, exercisable at the offering price for a period of 30 days following the closing of the Offering, to purchase up to an additional 15% of Securities issued as Common Shares to cover over-allotments, if any. The Offering is expected to close on or about July 14, 2020 and is subject to Gold Terra receiving all necessary regulatory approvals.

The net proceeds from the sale of the Common Shares will be used to advance exploration at the Company’s wholly-owned Yellowknife City Gold project, for working capital, and for general corporate purposes.

The gross proceeds from the sale of the Charity Flow-Through Common Shares will be used for expenditures which qualify as “Canadian exploration expenses” (“CEE”) and “flow-through mining expenditures” both within the meaning of the *Income Tax Act* (Canada). The Company will renounce such CEE with an effective date of no later than December 31, 2020.

The Securities will be offered by way of a short form prospectus in each of the provinces of Canada excluding Quebec and the Common Shares may also be offered by way of private placement in the United States.

The securities offered have not been registered under the U.S. Securities Act of 1933, as amended, and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements. This press release shall not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of the securities in any jurisdiction in which such offer, solicitation or sale would be unlawful.

### **About Gold Terra’s Yellowknife City Gold Project**

The YCG project encompasses 790 sq. km of contiguous land immediately north, south and east of the City of Yellowknife in the Northwest Territories. Through a series of acquisitions, Gold Terra controls one of the six major high-grade gold camps in Canada. Being within 10 kilometres of the City of Yellowknife, the YCG is close to vital infrastructure, including all-season roads, air transportation, service providers, hydro-electric power and skilled tradespeople.

The YCG lies on the prolific Yellowknife greenstone belt, covering nearly 70 kilometres of strike length along the main mineralized shear system that host the former-producing high-grade Con and Giant gold mines. The Company’s exploration programs have successfully identified significant zones of gold mineralization and multiple targets that remain to be tested which reinforces the Company’s objective of re-establishing Yellowknife as one of the premier gold mining districts in Canada.

### **Cautionary Note Regarding Forward-Looking Information**

Certain statements made and information contained in this news release constitute "forward-looking information" within the meaning of applicable securities legislation ("**forward-looking information**"). Generally, this forward-looking information can, but not always, be identified by use of forward-looking terminology such as "plans", "expects" or "does not expect", "is expected", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates" or "does not anticipate", or "believes", or variations of such words and phrases or statements that certain actions, events, conditions or results "will", "may", "could", "would", "might" or "will be taken", "occur" or "be achieved" or the negative connotations thereof.

All statements other than statements of historical fact may be forward-looking information. Forward-looking information is necessarily based on estimates and assumptions that are inherently subject to known and unknown risks, uncertainties and other factors that may cause the actual results, level of activity, performance or achievements of the Company to be materially different from those expressed or implied by such forward-looking information. In particular, this news release contains forward-looking information regarding the Campbell Shear system emerging as the primary focus for the next drilling campaign for a potential new discovery for Gold Terra, the expansion of the current resource at Crestaurum, the indications of potential proximity to high-grade gold mineralization from the two holes drilled in the Campbell Shear stratigraphy, the stratigraphy hosting the Campbell Shear of the Con mine possibly extending onto the Northbelt ground held by Gold Terra, the high potential to host Campbell shear-style mineralization on 8 kilometres of strike length on the Southbelt, and the Company's objective of re-establishing Yellowknife as one of the premier gold mining districts in Canada.

There can be no assurance that such statements will prove to be accurate, as the Company's actual results and future events could differ materially from those anticipated in this forward-looking information as a result of the factors discussed in the "Risk Factors" section in the Company's most recent MD&A and annual information form available under the Company's profile at [www.sedar.com](http://www.sedar.com).

Although the Company has attempted to identify important factors that would cause actual results to differ materially from those contained in forward-looking information, there may be other factors that cause results not to be as anticipated, estimated or intended. The forward-looking information contained in this news release is based on information available to the Company as of the date of this news release. There can be no assurance that such statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. All of the forward-looking information contained in this news release is qualified by these cautionary statements. Readers are cautioned not to place undue reliance on forward-looking information due to the inherent uncertainty thereof. Except as required under applicable securities legislation and regulations applicable to the Company, the Company does not intend, and does not assume any obligation, to update this forward-looking information.
